Vivian and attorneys:

The OPEN PUBLIC RECORDS REQUESTS in the posted agenda for the October 27 Board Meeting is INCORRECT.

It only shows that Request #27 is OPEN. (BTW - what is taking so long on this simple request from AUGUST 19?)

The email below has FOUR PUBLIC RECORDS REQUESTS from October 9 which have not been acknowledged as of this morning, almost TWO WEEKS after the request is made.

Is there a process problem with the Records Custodian handling of Public Records Requests? or, is there just a lack of respect for the process and the residents by the District Custodian? This isn't the first time I've had to raise concerns and involve attorneys to get involved.

Please acknowledge receipt today and advise that the agenda will be updated also.

Attorneys: Please oversee the District Manager for compliance.

UPRD Board: Please put PUBLIC RECORDS REQUEST COMPLIANCE on the agenda at the October 27 meeting. The District Manager is purposefully ignoring/stonewalling valid Public Records Requests. She should be asked specifically:

- Why haven't the four public records requests below been acknowledge?
- Why haven't these valid requests been added to the list in the agenda?
- What responsibility do our attorneys have to make sure that UPRD is compliant with Public Records Requests Statutes?

This is n't the first time these issues have arisen and we deserve answers from our District Cistodian AND attorneys.

Part of what we are paying them for is to make sure they review any/all disclosure issues. As such, they most certainly would have had a checklist or similar to assure it that UPRD was in compliance with all obligations, laws, etc. at the time of the bond issuance. They would have an obligation to review and possibly disclose certain events.*

Also, for the record, regarding Item 26. It had two parts: A) The 5 year plan sent to SCS which UPRD stated they have been to enhance, and B) the scope of work that UPRD and SCS agreed to with respect to the five-year plan.

- I submitted this request on 8/15
- On 8/19 it was acknowledged and assigned #26
- On 9/1 you stated this was CLOSED and the file contained 0 documents
- On 10/6, after Powers' 9/11 statement that "the five year plan is readily available" (and to which we inquired it to be produced) you changed the results in the file from 0 document t 1 document: The 34 page document to which resident asked many (yet unanswered) questions earlier this week. Supposedly this is your answer to part A
- Part B was never answered and so it is repeated in PRRequest 2) above.

Thank you
