We were pleased that almost 54% of the eligible population actually voted. Of the total 1,071 voters roughly 60% voted electronically, just under 40% by mail and 3% in person or by proxy on election day.

If anybody would like to listen to a riveting recording of the election day meeting, recordings are available at

We are developing recommendations to improve future RD elections, for example, better spacing between the UPCA and RD elections and simplifying the definition of eligible RD voters. If you have any questions or suggestions for future elections, please send to the District Manager by emailing [carvalhov@pfm.com](mailto:carvalhov@pfm.com) with the subject line: Future RD Elections.
