Subject: Correspondence archives

Greg was instrumental in having all correspondence to UPRD in the agenda and actual correspondence accessible in UPRD website.

I just checked the agenda and saw no list.

I also checked the website and did not see access to the actual documents. (I remember seeing them on the website site last time I checked.)

Has something changed with respect to transparency?

Please advise why the list of correspondence to The Board is not in agenda and where these documents are on the website as was recommended by Greg Selepe and previously approved by the Board.

Thank you.
