May I suggest you observe a moment of silence before the conduct of business in commemoration.

Both Norma and I lived through the horrible day as we worked in Manhattan and witnessed the collapse of the towers.

It's very personal.

Jimmy,

We sincerely appreciate your concern and your perspective. Unfortunately, due to the mandatory timelines associated with governmental regulations we are unable to reschedule our board meeting on September 11.

Regards,

Steve

Steve,

The twenty fifth anniversary of the attack on our country and the subsequent loss of life should be the focus of all this Friday. Please consider rescheduling the BOS meeting so as not to detract from this sacred time.

Thanks
