Thank you.

In addition to #27.... (Greenberg Trauwig's invoices supporting Gang's numbers he discussed while asking for a $50,000 increase to his legal fee for Bond Issuance...**Bob - not sure what's taking so long. Didn't GT get paid out at the bond closing? If so, seems that these invoices should be readily available...I made this request 8/19...going on two months!**)

....I show the following FOUR Public Records Requests (excerpts from 10/6 email to you) *not acknowledged* (I sent these in October 6 and in the email below, you show only 1 PRRequest open (#27)

Please acknowledge and assign tracking number.

New public records requests:

1) The names of any individuals or entities which have golf privileges (full members? Residents or non-residents.) who do not pay annual or monthly dues. (i.e. these may be people who received free lifetime or other golf privileges at turnover: like the Neal family and others).

2) Send me the contracted for SCOPE OF WORK with SCS that informs them that they have been engaged to update, develop or "whatever" UPRD's five-year plan so it is compliant with 2-8-161.

This was part of my request to which you assigned ID #26. I identified the deficiency on at least three occasions and you have refused to acknowledge and re-open for whatever reason. So, consider this a NEW Request.

If there is NO SCOPE OF WORK that was in the Consulting Engagement Contract with SCS that speaks to their accepting/acknowledging they are tasked with preparing a five year plan, then, simply, so state NONE. (This, however, would run counter to what has been represented [i.e., that SCS has been tasked with preparing a five year plan).

So, simply be responsive to this request.

3) Please disclose any/all emails to /from SCS in which the document you disclosed as THE FIVE-YEAR PLAN (per today's response to Item #26 was sent to/received by SCS.)

This (these) email(s) must exist...else how else would SCS have received the 34 page document that you represent is THE FIVE YEAR PLAN as Marisa asserted on September 11.

4) Please send any emails with attachments to/from Greenberg Trauwig attorneys related to possible disclosure issues to determine if certain events/issues require DISCLOSURE in the latest bond offering.

For instance, they received a $50,000 raise to lawfully/properly issue United States Municipal Bonds Securities. Part of what we are paying them for is to make sure they review any/all disclosure issues. As such, they most certainly would have had a checklist or similar to assure it that UPRD was in compliance with all obligations, laws, etc. at the time of the bond issuance. They would have an obligation to review and possibly disclose certain events.

If there was no inquiry by Greenberg Trauwig or if information like the five-ear plan was not provided to Greenberg Trauwig, simply state NONE.

Also, for the record, regarding Item 26. It had two parts: A) The 5 year plan sent to SCS which UPRD stated they have been to enhance, and B) the scope of work that UPRD and SCS agreed to with respect to the five-year plan.

- I submitted this request on 8/15
- On 8/19 it was acknowledged and assigned #26
- On 9/1 you stated this was CLOSED and the file contained 0 documents
- On 10/6, after Powers' 9/11 statement that "the five year plan is readily available" (and to which we inquired it to be produced) you changed the results in the file from 0 document t 1 document: The 34 page document to which resident asked many (yet unanswered) questions earlier this week. Supposedly this is your answer to part A
- Part B was never answered and so it is repeated in PRRequest 2) above.

Thank you
