Steve,

Greetings. I applaud your leadership, commitment and patience. Lawsuit settled, bond funded and Club future bright. Unfortunately, significant challenges remain thus time for UPRD Board to be unified and supportive of your leadership. Time to inform Messers Swanson and Seleg that they are distractions and continue to cause chaos and confusion, either get with the program or resign!!

Yell if I might be of value. Your time, effort and leadership sincerely appreciated by many who care.

Best,
Lee
