Dear SNL:

Am opposed to Rusty being on the Board.

Realizing there's pressure from the DM crowd for his being put back on the Board.

Many reason for this request.

Never prepared for Board meetings, doesn't read information,

Left a Board meeting over an hour early to attend a Candidate forum where he went to meet with DM an hour before the forum started (I was there to represent the Election committee & as you understand I arrive early to observe him & DM) and the list goes on & on.

Also dear Steve..cannot fathom the pressure you're going through.

Yes, am in favor of a management company for UP.

Our UP Club payroll is off the charts with too many staffer's who's work could be subbed out.

imho

Always here for support for you & Linda.

Hubby is going through Chemotherapy now..we're lucky he has a cancer that can be put in remission
